- A choice of 1 Month, 3 Months, 6 Months, 1 Year, 2 Years and 3 Years is available.
- The interest rates available on our Term Deposits change frequently and are dependent on the currency, term and investment amount. Interest is calculated daily and applied at the end of the term. ### **Term Deposit Early Withdrawal Penalty**

If you wish to break your Term Deposit before it has reached maturity you will be charged an Early Withdrawal Penalty. This charge will only be deducted from accrued interest. **We will not deduct anything from your principal deposit.** We will inform you of the amount of the Early Withdrawal Penalty before we process your request, and will provide you with the opportunity to withdraw your request.

The charge applicable is 2% of the unexpired period of the deposit, or interest accrued on the deposit, whichever is lower.

We will calculate this charge as follows:

- (a) 2% of unexpired period = Principal multiplied by 2%, multiplied by the number of days remaining in the period, divided by 365 (for USD or EUR deposits divide by 360 instead of 365)
- (b) interest accrual = Principal multiplied by agreed fixed interest rate per annum, multiplied by the number of days interest was accrued since booking the deposit, divided by 365

Early Withdrawal Penalty is the **lower of** accrued interest and the unexpired period penalty.

### **Example:**

You book a Term Deposit of £10,000 for a twelve-month term at a rate of 3% gross per annum. You want to break the Term Deposit early after 60 days.

Unexpired Period Penalty = £10,000 X 2% of the unexpired period of the deposit  
= £10,000 X 2% \* (305/365) = £167.12

Accrued Interest = £10,000 X 3% X (60/365) = £49.32

As in the above example, the accrued interest calculation of £49.32 is lower than the 2% Penalty calculation of £167.12, the Early Withdrawal Penalty would be £49.32.

Should you ever consider breaking a Term Deposit, our staff will be happy to assist you in explaining how the Early Withdrawal Penalty would be calculated, to assist you to make the decision whether to break the deposit or not.
